Substrate
Ceramic

Overall size
400 × 300 mm

Pattern field
360 × 270 mm

Pattern layout
18 × 24 squares

Square / marker
15 / 11 mm

Dictionary
DICT_6X6_250

Marker IDs
0–215 (216 markers)

ID ALLOCATION CHECK

18 × 24 / 2 = 216 marker positions. IDs 0–215 remain within the 250 IDs available in DICT_6X6_250.

RELEASE BASIS

Final layout, label content, and the fixture interface are subject to written drawing approval. The fixture is an option and is not included in the quotation total.

TECHNICAL RELEASE INPUTS

Drawing approval locks the overall outline, label content, marker-ID allocation, and fixture interface if selected.

TECHNICAL DELIVERABLES

Each board is supplied with a CT-IR inspection report, measured CSV, and the project pattern files.
