DETECTION CHECK REPORT

Detection check · 1 image

INPUT IMAGE

File name	01-hero.png
Source	User-supplied image
Resolution	2304 × 1536 px
File format	PNG
Board serial	000311
Part number	CT-CHA-C-200150-6X6

INPUT PARAMETERS

Detector	cv2.aruco.CharucoDetector
Dictionary	DICT_6X6_250
Board geometry	12 × 17 squares · 10 / 7 mm
Expected	102 markers · 176 corners
Layout selected	OpenCV 4.6+ layout · setLegacyPattern(False)
Legacy trial	102/102 markers · 0/176 corners

SCREENING RESULT

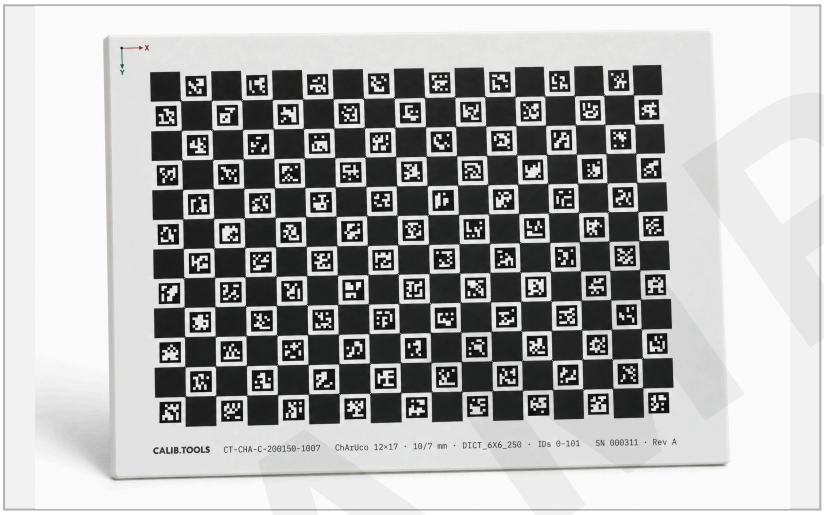

PASS

All expected markers and ChArUco corners were detected in the supplied image.

102/102 markers · 176/176 corners
layout: current

1 Detection overlay

user-supplied capture

Detected-corner overlay generated from the supplied image. Original image colours are retained; report overlay ink is black, white and grey.

DETECTED IN SELECTED LAYOUT

Markers	102 / 102 · PASS
ChArUco corners	176 / 176 · PASS
Detection rate	100.0%

MISSED-CORNER REGIONS

None — all 176 expected ChArUco intersections were detected.

OVERLAY KEY

Black/white dots: detected corners. Grey outlines: missed-corner regions; none are present.

2 Image quality checks

screening thresholds stated

CHECK	OBSERVED	THRESHOLD	METHOD	RESULT
Detection rate (corners)	100.0%	min. 95.0%	expected-corner coverage	PASS
Edge contrast (dL)	194.6	min. 100	white 231.3 – black 36.7	PASS
Edge sharpness score	762.2	min. 150	variance of Laplacian, rectified pattern	PASS

3 Diagnosis and recommendations

PRINT VS CAPTURE DIAGNOSIS

No print or capture issue is indicated by this automated screen. Full marker/corner coverage, contrast and edge sharpness do not suggest uniform target defects, blur, glare or unsuitable exposure in this image.

RECOMMENDED NEXT ACTION

ACTION	RECOMMENDATION
Replace target	Not indicated by this image.
Change lighting	No change indicated; retain diffuse, even lighting.
Change exposure	No change indicated; retain current separation.

SCOPE

This report is an automated detection screen of one user-supplied image. It does not replace dimensional inspection of the target.

SAMPLE
